

Maintenance & Turnarounds

GRAHAM

MAJOR CAPITAL CONSTRUCTION

SUSTAINING PROJECTS

MAINTENANCE & TURNAROUNDS

Graham delivers best-in-class maintenance and turnaround services to customers across the largest industrial sectors. We work with clients to maximize the long term value of their assets and ensure their facilities are operating safely and efficiently.

Our workforce of professionals and trades specialists are our greatest asset and essential component in meeting the long term needs of our valued clients.

We carry out the majority of our work through integrated long term maintenance and turnaround contracts performing core services across mechanical, electrical, insulation and scaffolding.

In addition, we offer a variety of specialty services including specialty welding, fabrication and turn key bundle pulling and cleaning.

KEY DIFFERENTIATORS

Best-in-class maintenance services for the energy industry.

Ensuring client facilities are operating safely and efficiently.

Integrated long term contracts incorporating additional services.

Maximizing the long term value of assets.

Expansive workforce of multi-disciplined professionals and trades specialists.

Complimentary services including: scaffolding, insulation, & exchanger services.
